Read the text and circle the correct answer.

My name is Tony. I am a student. I am in third grade. Today it is Sunday. Today I am going to the zoo with my mother.

We can see a lot of animals at the zoo. We start at the giraffes. There are three of them. One of them is a baby giraffe. They eat grass. After the giraffes, we visit the bears. There are seven bears. They are all black. The pandas live next to the bears. They come from China. They are black and white.

We continue to the aquarium where we can see penguins. They are funny.

After the aquarium we visit the tigers and the lions. They are sleeping. Opposite of the tigers, there are many monkeys.

We had a good day at the zoo.
